

Tabernacle School

Sports Physical

Dear Tabernacle Parent:

If you are planning for your child to participate in any after-school sports with Tabernacle, he/she will be required to have a sports physical (6th through 8th grade students only). These are different than regular physicals and most family physicians will do these for a small fee. The physical will cover you for **two years**. Please bring your proof of physical to the Front Office when completed. Athletes will not be able to participate in any games until this is turned in. The following is a list of sports played at Tabernacle during the school year:

Softball

Basketball

Soccer

Volleyball

Flag Football

Thank you for your support in this safety matter,

Tabernacle Athletic Department
